Should the Cook County Board of Commissioners concur in this recommendation, I respectfully request that the submitted County Maintenance Resolution for the purchase of roadway salt for 2001, originally approved on April 4, 2001, be amended to a new termination date and adopted. Further I request that Morton International, Inc. be informed of the approval of the extension of the contract for 01-8SALT-23-GM and the Highway Department be authorized to continue to purchase roadway salt to fulfill its obligations under this contract at its discretion.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME PROGRAM)**

Transmitting a Communication, dated July 11, 2002 from

GWENDOLYN D. CLEMONS, Director, Department of Planning and Development

respectfully request the Cook County Board of Commissioners approve as amended the following item, which was previously approved on the Agenda (Item #72) at the May 21, 2002 Board Meeting.

The amendment is indicated by the underscored language.

GWENDOLYN D. CLEMONS, Director, Department of Planning and Development

respectfully request approval for the County to enter into a subordination agreement with the McGaw YMCA in Evanston, Illinois to allow for a \$2,905,000.00 an expansion and rehabilitation of its facilities. The County's loan to the YMCA closed on March 14, 1996. The HOME loan assisted in the rehabilitation of the single room occupancy ("SRO") units in the facility. The County's loan is currently in second position.

The McGaw YMCA has requested that the County subordinate its mortgage to the increased first new \$6,405,000.00 mortgage for the current expansion and rehabilitation project. The first mortgage will be increased from the current \$3,500,000.00 to \$6,405,000.00, an increase of \$2,905,000.00 from the 1996 project, currently \$3,500,000.00, will remain in place. The County's loan will remain in second position. Through the execution of this subordination agreement the County's loan, including its Junior Mortgage and Junior Assignment of leases and rents, will be moved from second to third position behind the 1996 first mortgage and this new mortgage. All funding in association with the rehabilitation work will be privately funded. The improvements include a new gymnasium to be constructed at the south end of the building and a remodeling of the entrance of the McGaw YMCA. There are no additional County funds involved in the expansion and rehabilitation effort.

I respectfully request approval of this subordination request, and that the Chief Administrative Officer of the County of Cook, or his designee, be authorized to execute on behalf of the County of Cook, the subordination agreement, a copy of which has been submitted, and any closing related documents required by the title company. The approval of this agreement by this Honorable Body will allow this process to move forward.

Fiscal Impact: None. Grant Funds: None.

The project complies with the HOME Program regulations and furthers the goals of the Five-Year Consolidated Community Development (approved by U.S. Department of Housing and Urban Development on October 17, 2000).

The HOME Program Grant of \$800,000.00 will be made between Chicago Southland Development, Inc. (CSDI) and the County of Cook. **Section 1.      Mobile home defined**

As used in this Ordinance, "mobile home" means a factory assembled structure designed for permanent habitation and so constructed as to permit its transport on wheels, temporarily or permanently attached to its frame, from the place of its construction to the location, or subsequent locations, and placement on a temporary foundation, at which it is intended to be a permanent habitation, and situated so as to permit the occupancy thereof as a dwelling place for one or more persons, provided that any such structure resting in whole on a permanent foundation, with wheels, tongue and hitch removed at the time of registration provided for in Section 4 of this Ordinance, shall not be construed as a "mobile home", but shall be assessed and taxed as real property as defined by Section 1-130 of the Property Tax Code. Manufactured homes with an I-beam assembly shall be construed as a "mobile home" for this ordinance, however manufactured homes that are anchored to a foundation are taxed as real estate. Mobile homes owned by a corporation or partnership and on which personal property taxes are paid as required under the Revenue Act of 1939 shall not be subject to this tax. Mobile homes located on a dealer's lot for resale purposes or as an office shall not be subject to this tax.

**Section 2.      Mobile home park defined**

As used in this Ordinance, the phrase "mobile home park" means a tract of land or 2 or more contiguous tracts of land which contain sites with the necessary utilities for 5 or more independent mobile homes for a period of one or more months either free of charge or for revenue purposes, and shall include any building, structure, vehicle or enclosure used or intended for use as a part of the equipment of such mobile home park. Separate ownership of contiguous tracts of land shall not preclude the tracts of land from common licensure as a mobile home park if they are maintained and operated jointly. Neither a mobile home resting on a permanent foundation, with wheels, tongue, lug bolts and hitch permanently removed, nor a motorized recreational vehicle shall be construed as being a part of a mobile home park.

**Section 3.      Imposition of tax - Rate**

Mobile homes in addition to such taxes as provided in the "Use Tax Act" and in the "New Motor Vehicle and Trailers Sales Tax Ordinance" shall be subject to the following privilege tax only, and to no ad valorem property tax. Except as provided in Section 8, the owner of each inhabited mobile home shall pay to the Cook County Treasurer an annual tax of \$.50 per square foot.

## JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

For purposes of this Ordinance, the square-footage shall be based upon the outside dimensions of the mobile home excluding the length of the tongue and hitch. The owner of a mobile home on January 1 of any year shall be liable for the tax of that year, commencing with January 1, 2001.

### **Section 4.      Registration form - Filing - Contents of registration form - Signature - Misinformation - Application of section**

The owner of each inhabited mobile home located in Cook County on the effective date of this Ordinance shall, within 30 days after such date, file with the County Assessor a mobile home registration form showing the name and address of the owner and every occupant of the mobile home, the location of the mobile home, the year of manufacture, and the square feet of the mobile home based on the outside dimensions of the mobile home excluding the length of the tongue and hitch together with the date that the mobile home became inhabited, was initially placed in the county, or was moved to a new location. The registration shall be signed by the owner or occupant of the mobile home. Mobile home park operators shall forward a copy of the mobile home registration form, including but not limited to the form provided in Section 5-303 of the Cook County Mobile Home Park Ordinance, Cook County Ord. 5-291-5-312, to the County Assessor within 5 days of the entry of such mobile home into such park. It is the duty of the County Assessor to require timely filing of a properly completed registration for each mobile home located in Cook County. Any person furnishing misinformation for purposes of registration or failing to file a required registration is guilty of a Class B misdemeanor. This Section applies only when the tax permitted by Section 3 has been imposed.

### **Section 5.      Delivery of registrations to County Clerk**

The County Assessor, within 7 days after filing of a registration, shall deliver such registration to the County Clerk.

### **Section 6.      Computation of tax - Certification of tax - Distribution to local taxing units**

Except as otherwise provided in this Section, within 60 days of receipt of each registration form, the County Assessor shall compute the tax due, as provided in Section 3, and certify the tax to the County Treasurer who shall mail the tax bill to the owner of such mobile home at the time he receives the certification or on the annual billing date, whichever occurs later, commencing on January 1, 2003. If the registration form is accompanied by a receipt for privilege taxes paid in Illinois for the current tax year, no further privilege taxes shall be imposed for the remainder of the current tax year. If the mobile home is initially harbored after the annual liability date, as provided in Section 3 of this Ordinance, the County Assessor shall reduce such tax 1/12 for each month that has passed since such annual liability date. A mobile home harbored after the first day of such month shall be considered to have been harbored for the entire month for the purposes of this Section. Thereafter, the County Assessor shall compute such tax as of the first day of January of each year and certify the tax to the County Treasurer. Such tax shall be due and payable to the County Treasurer within 60 days after the treasurer mails the tax bill to the address of record. The County Treasurer shall distribute such taxes to the local taxing districts within the boundaries of which such mobile homes are located, in the same proportion as the property taxes collectible for each such taxing district in the prior year.

**Section 7. Error in tax bill - Affidavit by owner**

If a tax bill is in error as to the square footage of the mobile home or as to the rate of tax, the owner may file within 6 months following receipt of the bill an affidavit with the County Assessor setting forth such error. If the tax bill does not show the name of the correct owner, the person whose name appears as owner on the bill may file an affidavit with the County Assessor so stating and identifying the correct owner, if known. Upon the filing of an affidavit as provided in this Section, the County Assessor shall issue a corrected bill and shall so indicate on his records.

**Section 8. Reduction of local services tax - Application for reduction**

The local services tax for owners of mobile homes who (a) are actually residing in such mobile homes, (b) hold title to such mobile home as provided by the "Illinois Vehicle Code", approved September 29, 1969, as amended and (c) are 65 years of age or older or are disabled persons within the meaning of Section 3.14 of the "Senior Citizens and Disabled Persons Property Tax Relief and Pharmaceutical Assistance Act," 320 ILCS 25/3.14, on the annual billing date shall be reduced to 80 percent of the tax provided for in Section 3 of this Ordinance. Proof that a claimant has been issued an Illinois Disabled Person Identification Card stating that the claimant is under a Class 2 disability, as provided in Section 4A of The Illinois Identification Card Act, shall constitute proof that the person thereon named is a disabled person within the meaning of this Ordinance. An application for reduction of the tax shall be filed with the County Assessor by the individual who is entitled to the reduction. **Section 9. Delinquent taxes - Lien - Notice and effect of lien - Release**

If any local services tax imposed by this Ordinance is not paid when due, the County Treasurer shall have a lien on the mobile home for the amount of the tax, penalties and interest due. The Treasurer shall notify the taxpayer in writing of the existence of the lien. Such lien shall terminate unless the County Treasurer files with the county recorder a notice of lien, within one year of such tax date. From the time of the filing, the amount set forth in the certificate also constitutes a lien upon all property of the taxpayer then owned by him or thereafter acquired by him in the period before the expiration of the lien. Such liens have the same force, effect and priority as a judgment lien and continue for 10 years from the date of the recording unless sooner released or otherwise discharged. The County Treasurer may, at any time, release all or any portion of the property subject to any lien provided for in this Ordinance or subordinate the lien to other liens if he determines that the taxes are sufficiently secured by a lien on other property of the taxpayer or that the release or subordination of the lien will not endanger or jeopardize the collection of taxes.

If the owner of a mobile home upon which the tax has not been paid does not make payment within 6 months after a lien has been filed, civil action may be instituted by the collector for the amount of the tax, plus interest, penalties and costs. If sale of the property is ordered, the court may direct the sale to be made in cash or on such terms as it may deem in the best interests of all parties. The court may direct that such sale be held by the Sheriff or in open court.

**Section 10. Interest on delinquent taxes - Penalty for Fraud**

If any local services tax, or part thereof, imposed by this Ordinance is not paid on or before the due date for such tax, interest on such amount at the rate of 1 1/2% per month shall be paid for the period from such due date to the date of payment of such amount. If such failure to pay such tax is the result of fraud, there shall be added to the tax as a penalty an amount equal to 50% of the deficiency.

**Section 11. Notice to county of retail sales**

Mobile home dealers shall within 10 days after any retail sale and delivery of a mobile home, notify the county assessor of the sale, the name of the purchaser, year of manufacture, the point at which delivery to the purchaser was made, and the serial number and exterior measurements of the mobile home.

**Section 12. Mobile home park operators; mobile home ownership change; notice**

An operator of a mobile home park within Cook County, licensed under the provisions of the Cook County Mobile Home Parks Ordinance, Cook County Ord. 5-291-5-312, or any other law, shall notify the County Assessor when a change in ownership occurs in a mobile home located within the operator's park. Such notification shall include the same information for the new owner as that contained in the registration form required of mobile home park operators by Section 4 of this Ordinance.

**Section 13. Necessity of permit certifying payment of tax prior to moving mobile home - Penalty**

Before any mobile home subject to the tax imposed by this Ordinance may be moved, the transporting company must obtain a permit issued by the County Treasurer certifying that the tax on the mobile home has been paid for the current tax period and all previous tax periods for which taxes remain due. It shall be a Class B misdemeanor for any person or entity to move any mobile home or cause it to be moved a distance of more than one mile without having received such permit. It shall be a Class B misdemeanor for any taxpayer to move any mobile home or cause it to be moved a distance of more than one mile without such permit having been issued by the County Treasurer. This Section does not apply to any person or entity who moves a mobile home or causes it to be moved pursuant to a court order, nor does this Section apply to any person or municipality that moves a mobile home under the Abandoned Mobile Home Act.

**Section 14. Violation of Ordinance - Penalty**

It shall be a Class B misdemeanor to fail to submit information required under this Ordinance or to knowingly submit any false information under this Ordinance.

**Section 15. Severability - Partial Invalidity**

If any provision of this Ordinance or the application therefor to any person or circumstance is held invalid, such invalidity does not affect other provisions or applications of this Ordinance which can be given effect without the invalid application or provision, and to this end the provisions of this Ordinance are declared to be severable. If any section, sub-section, sentence or clause of this Ordinance shall be adjudged unconstitutional, such adjudication shall not affect the validity of the Ordinance as a whole or of any section, sub-section, sentence or clause thereof not adjudged unconstitutional.

**Section 16. Short title**

This Ordinance shall be known and may be cited as the Cook County Mobile Home Local Services Tax Ordinance.

**Section 17. Effective Date**

This Ordinance shall be effective January 1, 2003.

3. 251947 INDEPENDENT AUDITOR'S REPORT. Transmitting a Communication, dated May 1, 2002 from Michael F. Sheahan, Sheriff of Cook County, by Jack J. Kelly, Chief Financial Officer, Sheriff's Office.

Submitting the Independent Auditor's Report dated April 5, 2002, from E.C. Ortiz & Company, Certified Public Accountants for the period ending November 30, 1998, November 30, 1999, November 30, 2000 and November 30, 2001. This audit report contains a Statement of Revenues Collected, Expenditures Paid and Changes in Fund Balance for the state narcotics forfeiture funds administered by the Sheriff's Office along with the auditor's findings. Also included is the Report to Management for the period ending November 30, 1998, November 30, 1999, November 30, 2000 and November 30, 2001.

I respectfully request that this report be received and filed by the Audit Committee.

**Referred to the Committee on Audit May 21, 2002.**

In response to Commissioner Quigley's question regarding whether the drug forfeiture funds received by the Sheriff's Office were part of the Sheriff's budget, Jack Kelly stated forfeiture funds are not part of the Sheriff's budget. He noted that funds received from the State from 1998 through 2001 totaled \$1.6 million and federal contributions from the Department of Justice and Department of Treasury for the same period totaled \$600,000.

In reference to old business on the same subject matter, Commissioner Hansen stated to date he had not seen a written response from the Sheriff's Office relating to information he had requested at the February 27, 2002 meeting of the Audit Committee. At that meeting he said information was requested regarding the use of the Narcotics and Asset Forfeiture Fund on real estate or real estate improvements, and if Board approval was received for any such improvements. He noted at the February meeting the Sheriff's Chief Financial Officer, Mr. Jack Kelly, had stated he would research whether approval was received and provide a written response to the Chairman.

In response to Commissioner Hansen, Jack Kelly confirmed that forfeiture funds were used for two real estate matters relating to storage facilities (one on county property and one on forest preserve property). He stated County Board approval had been received for the storage facility on county property at 103rd and Woodlawn; however, board approval for the facility used to store vehicles on forest preserve property in Maywood was still under review.

JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

Commissioner Hansen again requested that a written response from the Sheriff's Office be submitted to the Chairman regarding whether the use of the two storage facilities mentioned had received county and forest preserve board approval. Chairman Daley also asked that information on the number, type and cost of vehicles stored at the facilities be included in the Sheriff's response.

On a similar matter, Vice Chairman Goslin stated to date he had not received previously requested information from the Sheriff's Office relating to inventory and reconciliation of the Narcotics and Asset Forfeiture Fund. He stated his interest in reviewing this information was to assure there is a form of accountability in place for tracking the use of drug forfeiture funds and inventory purchased with such funds, in order to provide a means to review any additional costs to the county.

Chairman Daley requested that a written response from the Sheriff's Office be submitted to the Chairman providing information on the tracking method used for Narcotics and Asset Forfeiture Funds, including an inventory of property purchased with such funds.

Commissioner Butler requested a legal opinion from the State's Attorney's Office clarifying, under federal and/or state law, who is authorized to receive and use drug forfeiture funds and assets.

Commissioner Hansen agreed with Commissioner Butler's expressed concern regarding unknown risk the county may be undertaking in terms of assets received through drug forfeiture cases and his request for a legal opinion relating to who is legally authorized to receive and use drug forfeiture funds.

Commissioner Lechowicz suggested that members' questions should first be submitted to the County's Auditor, Laura Burman, for a response or recommendation on how this Body should next proceed.

In response to Commissioner Lechowicz's question on the process for selection of the auditor of these reports, Mr. Kelly stated the work was competitively bid. Commissioner Lechowicz asked how long E.C. Ortiz & Company had been handling this audit work. Mr. Kelly stated Ortiz performed the audits for the past four fiscal years.

Commissioner Quigley made a brief observation on the audits of the State Drug and Forfeiture Assets Fund for fiscal years 1998, 1999, 2000 and 2001 relating to the auditor's observations and recommended policy changes to the Sheriff's Office. He noted that the same concerns appear in each year's audit and asked for an explanation of why the same management responses appear each year.

Mr. Kelly explained that before 1999, the State Police audited the funds, however since that time no audits had been done. He said when he became the CFO for the Sheriff's Office in 2001 he had the four years audited at one time, which is why the recommendations and management responses are the same. He confirmed that to date all the recommendations by the auditor had been implemented.

**Commissioner Lechowicz, seconded by Commissioner Hansen, moved to receive and file Communication No. 251947. The motion carried.**

4. 252593 CLERK OF THE CIRCUIT COURT, Dorothy Brown, transmitting a Communication, dated June 10, 2002:

SUBJECT: FISCAL YEAR 2001 INDEPENDENT AUDIT REPORT AND ITS RELATED MEMORANDUM ON INTERNAL CONTROLS

JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

Please find the Fiscal Year 2001 Independent Audit Report and its related Memorandum on Internal Controls for the Office of the Clerk of the Circuit Court. Please accept these reports and refer them to the Cook County Audit Committee for the appropriate review.

**Referred to the Committee on Audit June 18, 2002.**

In response to Commissioner Hansen's question on page two, Estimated Payments-Management Response, regarding the status of full recovery of overpayments, John Morales stated this issue resulted from an initial problem with the conversion of the TRIM system. To date, he confirmed full recovery of overpayments was complete.

In response to Commissioner Hansen's question on page four, regarding the status of timely recording of cash disbursements, receipts for reconciliation of journals and general ledger maintenance, Mr. Morales stated with the exception of the suburban districts, the cash disbursement and receipt journals, payouts, and general ledger maintenance had been implemented. He anticipated completion of the suburban districts by the first quarter of FY 2003.

In response to Commissioner Hansen's question regarding if reconciliation is done daily online, Mr. Morales said the suburban districts daily online reconciliation is an ongoing problem due to time consuming manual checks to ensure consistency of reporting data. He explained those facilities and cashiering systems are not yet linked to the County's financial management information system (FMIS) through the wide area network (WAN).

Commissioner Hansen asked for more information on the J.D. Edwards Financial Management Information System and what the problem was in getting the Clerk of the Circuit Court's suburban districts linked to the County's WAN?

Tom Glaser responded first by complementing Mr. Morales on doing an outstanding job in addressing the automation of financial records in the Circuit Clerk's office since his arrival in March 2002. He stated over the past three months his office has been working with Mr. Morales on getting all the Clerk's offices linked to the FMIS and WAN. He said a site license for the office was purchased and his office continues to work with the Clerk's staff to ensure completion by the FY 2003 target date. He noted continued cooperation from the independently elected officials is necessary to achieve the ultimate goal of linking every county bureau and elected office to the FMIS in order to have an integrated seamless system that everyone can use.

Commissioner Hansen made the observation that the Clerk of the Court should be one of the first targets for the financial report extension, otherwise the office will continue to need personnel to work overtime doing manual checks in order to meet the sixty day turnover rule of cash (from the time received) into the integrated county-wide ledger system.

As a follow-up question on the integrated countywide ledger system, Chairman Daley asked if there was a timeframe set for the elected officials to transition to the FMIS on-line through the county WAN system. Tom Glaser responded there was no formal deadline initially given for transition to the system. He explained the goal is to get the core functions, such as payroll, linked and stabilized before considering additional applications to extend the system for an integrated general ledger system countywide. Chairman Daley asked if any elected officials were on-line yet. Mr. Glaser stated only the Treasurer has started transitioning to the J.D. Edwards general ledger system.

JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

Chairman Daley recommended that the Bureau of Finance work with the Chief Information Officer to review if, and when, such a deadline should be set and then follow up with a memo countywide on the transition procedure. Mr. Glaser stated he would follow up with Cathy Maras, who is responsible for the coordination of the county's computer information systems.

On the same point, Commissioner Hansen recommended a memorandum on the capital investment or estimated cost for a fully integrated county-wide ledger system be submitted to the Finance Chairman for further discussion by the Board. Tom Glaser stated the Bureau of Finance would do this.

In response to Commissioner Hansen's question regarding management's response on page five stating the Circuit Clerk was awaiting a legal opinion from the State's Attorney's Office on when accounts receivable related to NSF checks may be deemed uncollectable for the purpose of writing them off, Helen Haynes from the State's Attorney's Office stated the legal opinion was given to the Clerk of the Court's Office last week.

Commissioner Hansen asked the County Auditor if she had received a copy of the legal opinion. Laura Burman stated she had not received this information but if the Clerk had, she could work with it and resolve the recommendations in the audit report.

Commissioner Hansen stated that the Committee needed a copy of the opinion or information on how NSF checks were going to be handled. Helen Haynes clarified that legal opinions are client related material and since Clerk Brown requested the opinion, it was directed to her.

Commissioner Lechowicz pointed out that, as submitted, this audit report is incomplete. He noted there was number of legal opinions requested, and stated in the future the State's Attorney's Office should provide the Chairman with complete information prior to discussion and action being considered by the Audit Committee.

**Commissioner Hansen, seconded by Commissioner Lechowicz, moved to defer Communication No. 252593 until members receive complete information. The motion carried.**

5. Cook County – 2000 Property Tax Extension and Breakdown Report dated February 20, 2002.

**Submitted to the Audit Committee on March 29, 2002.**

Commissioner Hansen made a brief observation on the 2000 extension of property taxes related to the expansion of tax increment financing (TIF) districts. He suggested further review of the long-term impact on the county budget since the number of TIF districts has significantly increased resulting in the levy amount (or tax revenue) needed to make up the difference to increase and requiring approximately \$25 million of additional County money. He also mentioned the impact on suburban school districts.

Commissioner Lechowicz commented that there is initially a revenue loss; however, if the Auditor was asked in the future to analyze the fiscal impact and the long-term impact for the County, it would be important to look at the long-term economic benefits of TIF districts. He noted the City of Chicago has used them for worthwhile purposes to stimulate employment and economic development in historically blighted areas.

**Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Item No. 5. The motion carried.**

6. Recorder of Deeds and Registrar of Titles – Financial Report dated February 21, 2002 of the Fee Accounts for the year ended November 30, 1999.

**Submitted to the Audit Committee on April 29, 2002.**

In response to Vice Chairman Goslin's question on page nine regarding the status and target date for bank reconciliation completion, Darlena Burnett from the Recorder's Office noted that reconciliation is being done currently. However, she stated the auditor's recommendation on bank reconciliation refers to the new system that is underway to automate the reconciliation process.

Commissioner Hansen observed on pages 10 through 22 there were many repeat recommendations with no final sign-off and recommended written information be submitted to the Chairman from the Recorder regarding what and when such items would be completed. Ms. Burnett explained that many of the items are contingent on the implementation of the new accounting and cashiering system, but confirmed the office would supply further information to the Chairman.

**Commissioner Lechowicz, seconded by Commissioner Goslin, moved to receive and file Item No. 6. The motion carried.**

7. Institute of Forensic Medicine – Financial Statements dated April 4, 2002 of the Fee, Fax Cremation Permit, Imprest Cash and Estate Accounts for year ended November 30, 2000.

**Commissioner Hansen, seconded by Commissioner Butler, moved to receive and file Item Nos. 7, 8, 9, 10 and 11. The motion carried.**

JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

**OLD BUSINESS:**

1. Recorder of Deeds Financial Report, discussed at the February 27, 2002 Audit Committee meeting.

Commissioner Hansen referenced a question that came up at the February 27th meeting on the estimated cost of the Unisys system and implementation problems found with the system. He noted that it was learned that Cathy Maras O'Leary was not involved in the RFP for the Unisys system, but at the request of the Audit Committee, participated in looking at the scope of the project. As a follow-up, Commissioner Hansen asked what procedures were in place now to ensure the County Board that before an RFP for a computer or automation technology system goes out they have been checked by appropriate agencies?

Chairman Daley said the President has instructed the Chief Information Officer to review all these issues, but agreed with Commissioner Hansen that a further step may be needed.

2. Countywide Investment Policy

Commissioner Hansen commented on the audit recommendation relating to a countywide investment policy and how it still has not been developed or coordinated with the Treasurer's office. He asked for comments from the Chief Financial Officer regarding the status of this recommendation.

Tom Glaser stated on-going discussions continue between the auditors and the County. He noted one thought is that the County Board should have oversight over the C-fund, since the Treasurer invests the operating funds of the County. He noted state statutes suggest the other school of thought, that being the Treasurer has unilateral authority to implement an investment plan as she sees fit.

Due to what appears to be conflicting responsibility and authority, Mr. Glaser informed the Committee of his response in the internal memorandum this year requesting a formal legal opinion from the State's Attorney in order to get some direction on how to proceed. Chairman Daley recommended seeking a response from the Treasurer's Office to the State's Attorney's opinion.

Commissioner Hansen suggested that the Auditor prepare a list of follow-up information or responses requested to be submitted to the Chairman which can be placed on the next meeting agenda as old business.

**Commissioner Lechowicz moved to adjourn the meeting, seconded by Commissioner Butler. The motion carried and the meeting was adjourned.**

Respectfully submitted,

COMMITTEE ON AUDIT

JOHN P. DALEY, Chairman

ATTEST: SANDRA K. WILLIAMS, Secretary

Commissioner Daley, seconded by Commissioner Silvestri, moved that the Report of the Audit Committee be approved and adopted. **The motion carried unanimously.**

JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

Commissioner Moreno stated that he thought it would be easier to give the properties back to the City of Markham, wiping out the taxes, rather than having the taxes abated.

William E. Elston, Attorney for the City of Markham, stated that it is his understanding that PIN 29-18-324-040 is eligible for the proceedings, although he agrees that PIN 29-18-324-039 may have some questions. He indicated that the City of Markham is planning to file a friendly injunction suit to have the taxes for past years vacated on PIN numbers 29-18-324-033 and 29-18-324-041 so they can revert to ownership by the City. As to the other PINS, he urged passage.

Troy Deckert, of the Cook County Department of Planning, stated that a title search revealed that only two of the parcels are owned by the City of Markham, and the other two are tax delinquent and should be withdrawn: 29-18-324-033 and 29-18-324-041.

Commissioner Moreno stated that it still did not make sense to waste taxpayer and City of Markham resources to file a lawsuit to wipe out taxes. If the proceeding here is a no cash bid, the Board can return the property and wipe out the taxes without the City of Markham having to go through the additional steps.

Chairman Sims asked why the Board cannot go ahead and approve these two properties without the City of Markham having to file a lawsuit.

Troy Deckert added that Pam Hughes of the State's Attorney's Office issued a memo that the current procedure is that the city can get a judge's order to wipe out the delinquent taxes.

Commissioner Moreno stated that he understands that the Markham-owned properties are delinquent because no one filed for exemption. He asked why not give Markham the properties, wiping out the taxes through Board authority, thus saving them a lawsuit. He further asked for a legal opinion from the State's Attorney's Office.

Assistant State's Attorney Randy Kemmer responded that it is his understanding that there is a section of the property tax code that allows municipalities to wipe out liens, but it depends on whether the property was obtained by lien, or by tax deed process. The question is whether the Board could make bids on these liens and then cancel the certificates and wipe out the taxes. He concluded by saying that he believes the County Board has authority to do this.

Commissioner Moreno stated that it was just brought to his attention that these two properties were donated to the City of Markham.

Randy Kemmer clarified that if Markham chose to accept the donation, then they do in fact own the properties. He stated it is then possible to wipe out the liens by the no cash bid process.

Chairman Sims clarified, and Troy Deckert confirmed, that Markham did not obtain exemptions.

Randy Kemmer inquired if the property was obtained through an annual or over-the-counter sale, then all taxes are in effect paid through the sale.

Troy Deckert clarified that the properties were not bid for at a sale.

Howard Weitzman, Title Expert, Columbia Properties, stated that the properties were donated to the City in 1985. The party did not pay the taxes and it was deeded to the City. He indicated that there are no improvements, there are still trees and there are alleys or streets on the properties.

JOURNAL OF PROCEEDINGS FOR AUGUST 1, 2002

Chairman Sims asked Randy Kemmer whether the Board could cancel Markham's taxes at the Tax Delinquency Subcommittee meeting?

Randy Kemmer responded that the entire Board would have to bid on the no cash bid and only after owning the certificates of purchase, can they be cancelled.

Commissioner Moreno inquired whether anyone purchased the properties before they were donated?

Troy Deckert responded that the taxes were paid when they received the properties; they failed to pay the exemption.

Randy Kemmer stated that there were two options, a no cash bid where by the certificates are cancelled, and a lawsuit seeking an injunction.

Commissioner Moreno noted that the no cash bid was the better option in terms of saving the City of Markham expense.

Randy Kemmer responded that the Board would have to authorize such a bid and the bid would have to be made by the City.

Attorney Elston commented that he agrees with Commissioner Moreno, that it would be more economical for the City of Markham if the County bid on the liens.

Randy Kemmer stated that there have been previous instances, for example the Village of Dixmoor, where tax liens were purchased by the County and then cancelled, thereby extinguishing the taxes.

**Commissioner Moreno moved to amend the initial motion to include PIN Nos. 29-18-324-033 and 29-18-324-041 for approval.**

**Commissioner Goslin, seconded by Commissioner Moreno, moved approval of Communication No. 249607, as amended except for PIN Nos. 29-18-318-039, 29-18-318-058 and 28-13-329-042. The motion carried.**

Re:    South Suburban Tax Reactivation-Village of Robbins

I am requesting your assistance on behalf of the residents of the Village of Robbins in securing tax delinquent property on a no cash bid basis. The Village of Robbins has a history of severe property tax delinquency, and most of our vacant parcels are seriously delinquent. We would like to convert these vacant and delinquent parcels into revenue generating land. The Village of Robbins is also on the verge of beginning some much needed sustainable commercial development. However, the Village owns little land to provide to developers for these projects. Acquiring these parcels will allow us to move forward in the process of securing development within the Village of Robbins.
